## MANDALORIAN

## MAIN ATTRACTIONS

- The Mandalorian™ pinball machines are based on the smash hit, Emmy award-winning original Star Wars™ series
- In this action-packed pinball quest, players are transported to a galaxy far, far away as they play as the Mandalorian™, teaming up with key allies and protecting Grogu, while battling dangerous enemies and forces across their journey
- All models include a large custom Grogu and Razor Crest™ ship sculptures
- Immersive video and audio assets from seasons 1 and 2 of The Mandalorian™
- Exclusive custom speech performed by actor Carl Weathers who plays Greef Karga
- Iconic theme song and track music by Ludwig Göransson instantly transports players into the world of The Mandalorian™

## GAME FEATURES

- Diverter on left ramp transports pinball to Encounter mini playfield
- Static inner loop under right helix ramp can start tense Ambush experiences
- Left side object pocket holds ball to start Missions; collect an extra ball, or trade Beskar for equipment, weapons, armor or other features at the Foundry
- 3 Hunter stand-up targets light return lanes to activate Hunter modes

## GAME FEATURES CONTINUED

- Static Encounter mini playfield with one flipper and 6 stand-up targets for intense battle action
  - Blue arrows light precision Scope shot mode on left return lane. When activated shoot a flashing blue arrow for a big reward.
- 5 Mission modes recreating action-packed events from the show
- 3 intense battle action Encounters with 3 levels each
- 4 wizard modes leading to This is the Way
- 2 Boba Fett stand-up targets light one of three playfield multipliers in addition to completing a Hunter mission or a Scope shot

## BACKGLASS AND ART

- Pro model features inspired full color translite and iconic side cabinet hand-drawn artwork by Randy Martinez

## GENERAL FEATURES

- Stereo sound system with 3-channel amplifier
- Separate treble & bass adjustment
- CPU mounted line-out audio connector for external amplification
- Fade adjustment to control front and bottom speaker outputs
